

BIRTHDAY PARTIES AT RG

Reconsidered Goods mission is to promote environmental awareness, community engagement, and creative expression through reuse, education, and the arts. We imagine a world where nothing is used once nor thrown away but instead reused again and again.

When you schedule a party with Reconsidered Goods, you get full use of our Events + Education space for a 2-hour event. Included in the party is a staff facilitator who will guide the creative portion of your event. Choose from our list of suggested RG Birthday Party Themes or customize your party theme at an additional fee.
