Creative Reuse Projects

Choose a wondrous upcycling project to jumpstart your student's creativity and love for creative reuse.

Altered Art

Craft your very own unique masterpiece with a sprinkle of reuse magic! Grab those old postcards, dust off those vintage calendars, and don't forget the crinkled photos. Mix them all up and let your creativity run wild. Who knows what kind of enchanting artwork you'll make!

SuperPower Trophies

What's your superpower? Is it the ability to make treasure from trash? A master of color? Or maybe you're a stellar ball player! Create your own trophy to celebrate what makes you YOU.

Animal Collages

Lions, Tigers, Bears, Oh my! Unleash the creative beast by creating your own animal out of magazines, pompoms, leather, and more! Make a jungle out of birthday cards for your pink panther crafted from feathers.

Treasure Boxes

One person's trash is another's treasure. Stash those treasures in your very own treasure chest decorated with all sorts of tiny creative reuse treasures.
